***Allowable Subject Matter***

Claims 63-67 are allowed.

Claims 1-62 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

The following is a statement of reasons for the indication of allowable subject matter: The prior art of record, particularly Hildebrand et al (cited as pertinent prior art, below, by the examiner) and Henshaw et al (cited by Applicant in the IDS), which the examiner views as the closest prior art, teach the feature of a *refractive light display* in a gaming device.

***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-62 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1-62 recite the limitation "the refractive surfaces" in line 8 {see claim 1}; line 10 {see claim 28}; lines 11-12 {see claim 40}; lines 11-12 {see claim 45}; line 10 {see claim 50}; line 8 {see claim 56}; line 9 {see claim 57}; and line 8 {see claim 61}.

There is insufficient antecedent basis for this limitation in the claim. Applicant recites "at least one refractive surface" earlier in the claims.

Art Unit: 3714

***Pertinent Prior Art***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. **Hildebrand** et (5,870,068) teaches an enhance lighting system for a gaming device display.
